

Disinfection Guidelines

| | |
|-----------------------|--|
| For daily use | 15ml in 5 litre of water (i.e. 0.25% dilution) |
| For alternate day use | 25ml in 5 litre of water (i.e. 0.5% dilution) |
| For weekly use | 50ml in 5 litre of water (i.e. 1% dilution) |
| For Prophylactic use | 50 ml in 5 litre of water (i.e. 1% dilution) |

| Area | Dilution |
|---|--|
| Wet Wipe, Mopping / Terminal Disinfection of Non Critical Areas | 0.125% (Clean Area) = 1.25ml in 1 litre of water |
| | 0.25% (Dirty Area) = 2.5ml in 1 litre of water |
| Wet Wipe, Mopping / Terminal Disinfection of Critical Areas | 0.50% (Clean Area) = 5ml in 1 litre of water |
| | 1%-2% (Dirty Area) = 10ml - 20ml in 1 litre of water |
| Fogging of Critical Areas | 0.50% (Clean Area) = 5ml in 1 litre of water |
| | 1%-2% (Dirty Area) = 10ml -20ml in 1 litre of water |

HOSPIDEX EXTRA

Disinfectant Concentrate for Surface and Environment

Broad Spectrum Disinfectant

Excellent Material Compatibility

Powerful Surface Cleanser

Non-Corrosive

Rapid Action

Non-Irritant

HOSPIAID

(A Divn. of Nanz Med Science Pharma)

HOSPIDEX EXTRA

Disinfectant Concentrate for Surface and Environment

(Each 100g contains : (Ethylenedioxy) dimethanol - 14.1g
Glutaraldehyde - 5.0g Aqueous base q.s.)

Salient Features

- Highly effective against viruses like HBV, HIV, HCV, Avian Flu, Swine Flu, SARS & Spores
- Broad spectrum activity
- Powerful surface cleanser
- Excellent material compatibility
- Rapid disinfection
- Longer duration of action
- Excellent residual effect
- Non irritating & Non corrosive
- Longer shelf life
- Economical & cost saver
- Sporocidal action achieved at 3% conc.
- Excellent for treatment of spots & spills
- **Biodegradability Certified***

Packing:

500 ml & 5 Litre

**SHELF
LIFE**

2 YEARS (PACKED)
48 hours (Diluted Solution)

* Data on file. Report available on request

Hospidex Extra is a surface disinfectant containing potent aldehyde which offers a powerful germicidal action with excellent cleansing property

Broad Spectrum Germicidal

- Excellent virucidal, bactericidal, fungicidal, yeasticidal, sporicidal & tuberculocidal activity. Lethal even at low concentrations

Potent Surface Cleansing Activity

- Excellent cleansing property ensures total disinfection of rooms & surfaces. No pre cleaning required. Ideal for removal of particles, fibres, biofilms & extractables

Rapid & Prolonged Disinfection

- Rapid disinfection of surfaces within 5-15 minutes with a longer duration of residual effect

Excellent Material Compatibility

- Excellent material compatibility with all type of surfaces such as metals, plastics, synthetics, rubber, latex, acrylic glass etc.

Cost Effective

- Better economy due to lower dilution of concentration i.e. 0.25% dilution

EN Certifications

- Hospidex Extra Passes EN 1040, EN 1656, EN 1275, EN 1657, EN 14561, EN 14562, EN 14563, EN 12353 & EN 13727 certifications

Areas of Application

● Critical Areas

ICU, ICCU, Oncology Dept., AKD, Neo-Natal, Sterile Sectors etc. to be mopped or sprayed with 1% diluted solution over exposed surfaces

● Non-Critical Areas

Wards, Corridors, OPD's, Clinics, Mobile Units, Labs, Dental Clinics etc. to be sprayed or mopped with 0.25% diluted solution
